FINANCIAL POLICIES AND GOOD FAITH ESTIMATE (GFE)

Patient Name: _____ Date of Birth: _____

Phone: _____ Email: _____

Effective January 1, 2022, under the No Surprises Act, health care providers are required to give patients who do not have insurance, or who choose not to use insurance, an estimate of expected charges for medical services.

At Abram Audiology, we do not typically bill insurance. This approach helps us keep our costs lower and our pricing transparent. However, we will gladly provide you with an invoice that contains the appropriate procedure codes so you can submit it to your insurance or benefit plan for potential reimbursement.

This Good Faith Estimate (GFE) outlines the anticipated costs of the audiology services recommended for you. Please note that actual charges may vary depending on your individual needs, any additional findings or changes in your treatment plan.
